

"Are You Me?"

Aquatic WILD K-12 Curriculum and Activity Guide

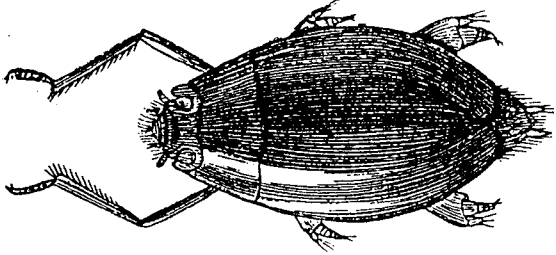

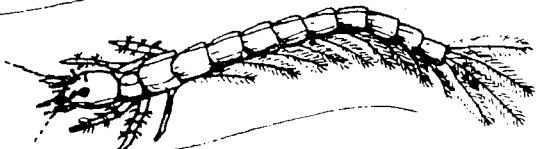

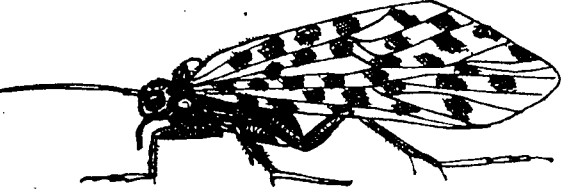

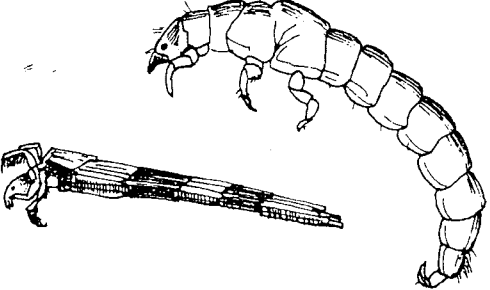

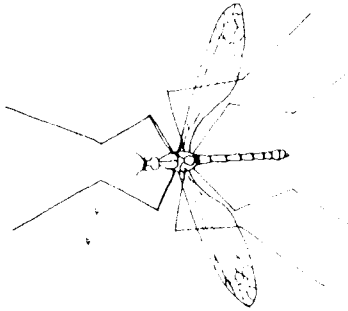

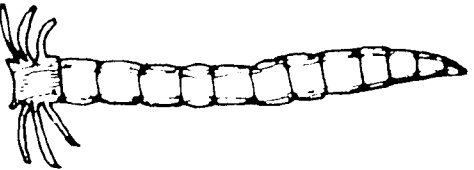

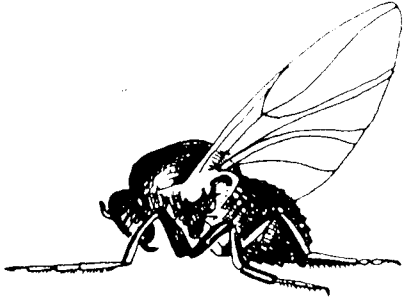

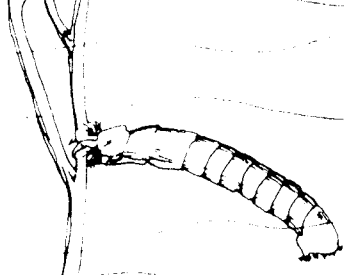

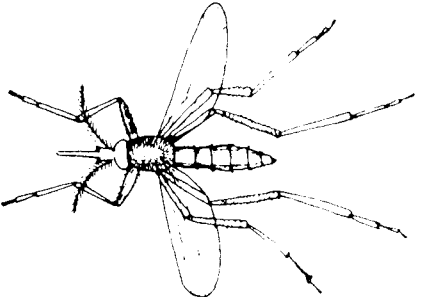

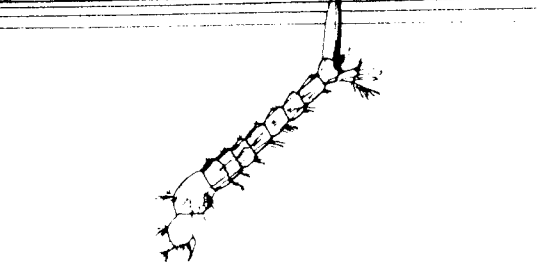

Beaver			Young Beavers
Duck			Ducklings
Frog			Tadpole
Butterfly			Butterfly Larva

"Are You Me?" - activity adapted from Project WILD
 [Aquatic Wild K-12 Curriculum, 2017]

What aquatic animals or insects might be observed in a local pond, creek, or stream? Many aquatic insects undergo metamorphosis, which means change during growth. Print and cut out the images. Glue on cards for a matching game.
